 by ThereSanDiego

Your favorite neighborhood restaurants need your support now more than ever, and some of you are itching to get out but do it safely! So check out our list of San Diego restaurants that are offering outdoor dining as we adjust back to the purple tier.

We'll update it as we learn more!

### Fish Shop

All three Fish Shop locations – Point Loma, Pacific Beach, and Encinitas – have officially reopened their patios for guests to enjoy the freshest fish around. Build your own custom dish, by selecting your fish, marinade, and style, or select from favorites like the TKO Taco.

Each location serves beer and wine, and Point Loma also has a delicious cocktail menu. All three are open daily from 11AM – 9PM!

Stay healthy, San Diego!
